

AQUA FORCE CLEANING & HOME SOLUTIONS

Cleaner Spaces • Healthier Living • Property Enhancement

Chris Kruger | WhatsApp 074 244 4829 | aquaforce1972@gmail.com

COMPANY PROFILE

Aqua Force Cleaning & Home Solutions provides professional cleaning, painting, property maintenance and moisture-protection services for residential, commercial and industrial properties.

Our aim is to protect, restore, maintain and improve the appearance, functionality and value of every property we work on. From routine cleaning and tenant changeovers to painting, repairs and exterior maintenance, we provide practical solutions with professional workmanship and reliable service.

OUR SERVICES

High-Pressure Cleaning

- Driveways and paving
- Boundary and exterior walls
- Patios, braai areas and walkways
- Roofs and roof surfaces
- Gutters and downpipes
- Parking areas
- Commercial and industrial premises
- Window and exterior surface cleaning

Painting – Houses & Offices

- Interior and exterior painting
- House and office repainting
- Wall and roof preparation
- Undercoat/primer and finishing coats
- Touch-ups and maintenance painting
- Chimney and exterior wall preparation and painting

Damp Gone Moisture Protection

- Professional Damp Gone moisture-protection treatment
- Helps reduce moisture penetration
- Helps reduce mould and algae growth
- Suitable for appropriate concrete, brick, plaster, roof-tile, paving and boundary-wall surfaces
- Helps protect surfaces while allowing them to breathe

Solar Panel Cleaning

- Cleaning of solar panels
- Removal of dust, dirt and environmental build-up
- Regular cleaning to help keep panels clear of surface contamination

Parking Bay & Parking Area Repainting

- Repainting faded or worn parking-bay lines
- Residential complexes and body corporates
- Office parks, estates and commercial properties
- Neat, clearly defined parking layouts

Property & Tenant Changeover Cleaning

- House cleaning before new tenants move in
- Move-in and move-out cleaning
- General deep cleaning of accessible areas
- Exterior/high-pressure cleaning where required
- Property preparation for sale, rental or handover

Home & Property Repairs

- Minor repairs to doors and windows
- Tiling repairs and re-tiling
- Minor plumbing repairs
- Curtain rails and blinds
- Light fitting installation/replacement where appropriate
- Minor ceiling and cornice repairs
- General handyman and property maintenance

Built-In Cupboards & General Improvements

- Minor repairs and maintenance to built-in cupboards
- Repairs to doors, hinges and fittings
- General property improvement and maintenance work
- Fit new cupboards

Old Satellite Dish Removal

- Removal of old, unused satellite dishes
- Removal of accessible brackets/cabling where agreed
- Making good minor fixing points where included in the quotation

Drain & Gutter Maintenance

- Gutter cleaning
- Downpipe clearing and unblocking
- High-pressure gutter/downpipe cleaning
- Minor drain-cleaning services
- Removal of accumulated leaves, dirt and debris

Other Property Maintenance

- Paving cleaning and maintenance
- Exterior property clean-ups

- General handyman work
- Pre-sale property presentation
- Commercial and complex maintenance projects

WHO WE SERVE

- Homeowners and landlords
- Residential complexes and body corporates
- Property managers and estate managers
- Office buildings and commercial premises
- Industrial properties and warehouses
- Rental-property owners and tenant changeovers
- Property owners preparing properties for sale or handover

WHY CHOOSE AQUA FORCE?

- Professional and reliable service
- Practical solutions tailored to each property
- Transparent quotations and clear scope of work
- Quality workmanship and professional results
- One service provider for cleaning, painting and many general maintenance requirements
- We value long-term client relationships

OUR PROCESS

- Site assessment – inspect the property and identify the work required.
- Scope & quotation – provide a clear quotation based on the agreed scope.
- Professional application – complete the work using suitable equipment, products and methods.
- Final inspection – check the completed work with the client.
